

The Economic Development/IDA Module

offers comprehensive management and tracking of clients including backgrounds, economic-related education and training, ability to start and operate a small business, account information, institutional information and contacts, funding partners and program actions.

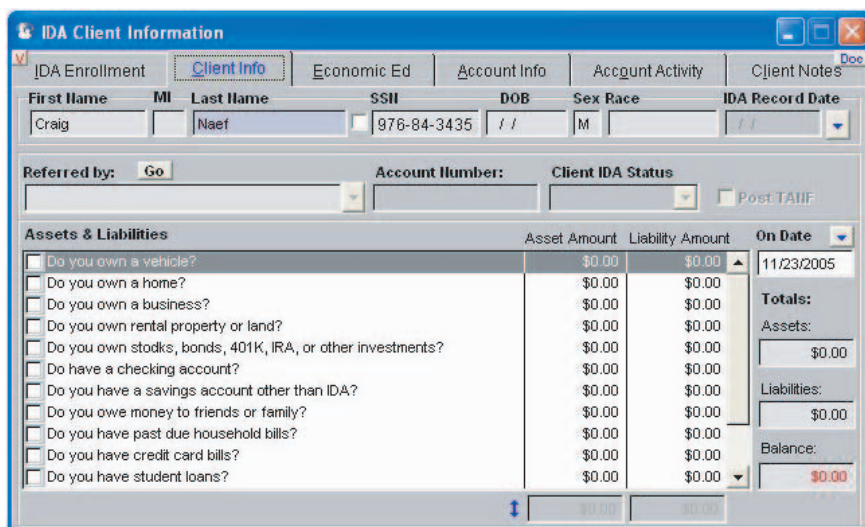

This module aids economic development programs by tracking a client's progress. With use of the Service Delivery section, it defines plans, sets goals and provides metrics to monitor progress.

Small Business Opportunity - Economic Development

The IDA Module keeps your clients on track and works with other modules to match complimentary programs and services. With the flexibility of client-specific plans, goals and metrics you can assure your clients are on the right path.
